Estate offers a taste of luxury

The award-winning Mains of Taymouth Country Estate has launched its luxury holiday ownership programme.

Situated amid spectacular scenery, with 5-star ratings and design plaudits for its existing holiday homes, Mains of Taymouth is now set to bring the timeshare concept firmly back in to the 21st century, with a range of contemporary apartments which are ideal as either a holiday or short break destinations. The design, look, and feel of the new properties has been delivered to the highest architectural standards with uncompromising attention to detail.

A one-off purchase, starting from just £8,700, will secure a guaranteed holiday week until 2063 in a spacious two-bedroom apartment which can comfortably sleep six. Interestingly, and as a result of initial enquiries received a number of the apartments may also be released for freehold sale, with the added benefit that they can then be relet as holiday rental properties through an arrangement with the Estate.

Plans to broaden the destination's overall appeal include a new spa with swimming pool; the construction of a new club house for the soon-to-be redesigned nine hole-golf course; and expansion of its successful equestrian business.
